

Let's keep Payton's Show in the Keys!

Payton really wants to showcase the beauty of the Florida Keys and film all of her segments locally.

Aqua Blue Advertising shares this vision but understands that the high costs associated with producing a YouTube series and comprehensive website is great.

To keep the show local and vibrant, support from businesses and individuals in the Florida Upper Keys is crucial.

In Payton's own words, "Please sponsor my show!"

Signature Sponsor:

One sponsor that wants to fund the building and maintenance of Payton's (very large) website and accompanying blog that are currently in production.

This one sponsor would ensure that the show could stay in the Keys while filming, video editing, etc. could be funded by smaller sponsors.
